Test schedule

Note: where an elective course is following the mandatory courses testing structure this schedule will apply. Where the structure is not being followed (and even if the course is mentioned in the schedule) the concerned faculty will separately notify the testing dates and procedure. As all the courses in Cohort 4 have test patterns different from the mandatories, cohort 4 has been removed from this schedule and as suggested above the faculty members teaching those courses should make their own schedule and convey the same to the students.

Dear Students

Kindly find attached the semester exam schedule. As per the scheme to be followed there are two tests for 10 marks each and one test for 25 marks for each mandatory course. First two tests for each course shall be conducted as weekly tests as per the schedule attached below. Detailed scheduled for the third cycle to be conducted after the classes get over shall be circulated later.

Note: It is suggested that the course division for each of these tests should approximately be 25 % of the course for first test of 10 marks, 25% for the second test of 10 marks and remaining 50 % for the last test of 25 marks. This is applicable to those elective courses too which are following the same evaluation scheme as mandatories. For those elective courses with two test scheme (mid sem test and end sem test) the distribution can be roughly 50% for mid and 50 % for end sem test.

Dear Students,

To announce the results of Term III of MBA batch 2021-23, a detailed and comprehensive meeting was called by the Vice – Chancellor and Registrar and was attended by all DoMS faculty members on 17-June-2022.

After detailed deliberations, the following decisions were taken:

- 1) With respect to project marks in Introduction to Financial Management, the marks which were initially declared by the faculty to be retained and thus the marks which were subsequently increased or decreased respectively are hereby withdrawn.
- 2) With respect to Docking of marks for late submission of end-term examinations conducted online for MBA 21-23 and MBA 20-22, the policy shall remain as it is.
- 3) With respect to MBA 21-23 Term-3 and MBA 20-22 Term-6, for all the repeat examinations, there will not be any R mentioned in the transcript as these exams are online in nature. This is to give an equal chance to all the students to improve their result if they so desire. The same rule does not apply for end-term examinations that were held physically.
- 4) Repeat examinations where revaluation requests were received will be conducted after the declaration of revaluation results.
- 5) The existing upper and lower limit on the marks that can be awarded post revaluation will be removed. Henceforth, there will be no upper and lower limit on the marks that can be scored in revaluation.

Based on the above decisions, the updated results of MBA 2021-23 are attached herewith. Requesting you all to please go through the same and revert if there are any concerns by 5:00 p.m. tomorrow.
