BOSSLMS

A Platform for Blended Learning Solutions

Powered by BossJobs.in [an integrated skill development & Placements Platform]

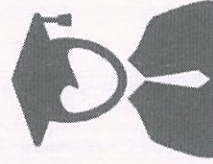

We Offer...

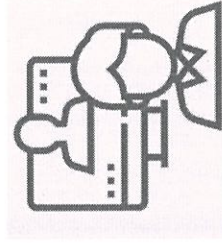

"Blended Learning Solutions"
for enhanced student learning &
effective academic information

Leveraging Technology to create -

- Dynamic, engaging and limitless classrooms
- Seamless management of student academics

**Student Admission
Management**

**Learning Management
System**

Exam Management System

We Offer...

Student Admission Management

- **Online Application Forms** for student enrolment
- Application Forms that support **multi-channel sharing**
- **Integration** with **student database** for seamless data maintenance
- **Automatic Mail & Notification** capabilities
- **User Report Capabilities**

- Easy to use and smart '**Course Building Features**'

- **Dynamic Course Management Platform**

- **One-click assignment** of Students and Courses to Classes

- Flexible & Dynamic Student & Course management features

- **Integrated Social connectivity** for group activities; Peer Learning & engagement

- Capabilities to host online events, Live Classes & Webinars

Learning Management System

- '**Safe Exam functionality**' to undertake online-exams safely

- Supports Chapter Level, Topic Level assessments through **Quizzes and assignments**

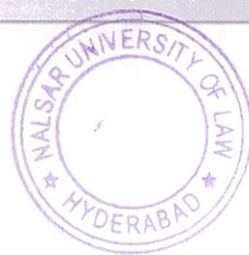

- Advanced Quizzes formats (*MCQs, True/False etc.*)

- Supports Automatic & Manual Grading of Assessments

- Capabilities for display and communication of grades to students automatically

Exam Management System

Other Key Features...

A Powerful, Intuitive and Customizable Platform

Caters to a wide variety of e-learning needs of Students, Faculty and also academic administration

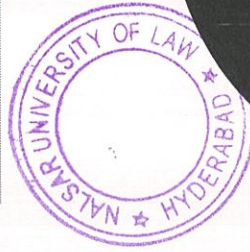

**Global & Course
Level 'NOTICE
BOARDS'**

**Class Scheduling &
Time Table
Features**

**Blogs and Forums
for augmented
Peer Level
Activities**

**In-Platform
communication
between Users to
stay connected**

**A Powerful feature
rich 'Event Hosting &
Management Tool'**

Implementation of LMS for NALSAR CMS

August 03, 2018

NALSAR/CMS/Q-01/03-Aug-18

Overview

BossLMS offers blended learning solutions for enhanced student learning and effective academic management. Following is the list of features that support the LMS requirements of NALSAR CMS based on our discussions and demonstration.

Features

1. **Dynamic Course management platform:** Ability to create unlimited Courses, Lessons, Topics comprising of content in various different formats such as pre-recorded video, audio, PDF files, links to downloadable course materials etc. It is also possible to define prerequisite courses as may be required for each course.
2. **Full featured Quiz management platform:** Ability to create online quizzes (MCQ) utilizing 8 different question types to test student knowledge. Quizzes can be associated with Courses or can also be used stand-alone to assess pre-requisite knowledge of students. The order of questions as well as answer options can be randomized at run time as may

be required. Transcripts of student performance in quizzes can be viewed by faculty members as well as can be downloaded to view in Excel.

3. **Assignment of Students and Courses to Classes:** Easily associate students and courses to academic classes utilizing the powerful learning groups functionality of the system.
4. **Integrated social community and group activities:** The system has in-built features such as forums and blogs that help to build internal social communities around courses, projects and activities to promote student interaction and engagement.
5. **Full featured Event management functionality:** Host and manage events directly from the system including attendee registration, ticketing etc. Generates iCal URLs that can be easily added to many calendar applications used by attendees. When coupled with optional online communication tools such as Google hangouts, Zoom, WebEx etc, online live webinars and events can also be managed using this functionality.
6. **Safe Exam functionality:** When using the certified version of the FireFox browser on student desktops and laptops, the system provides a special exam mode that enables them to take graded quizzes in such a way that the system detects if they move away from the exam browser to refer any material outside the Quiz window. In such an event, the system gracefully closes the quiz and grades the answers up to that point.
7. **Accept and evaluate student assignments:** In addition to quizzes, it's also possible to allow students to submit essay type assignments that can be reviewed and graded by faculty members.
8. **Badges, certificates and leaderboards:** Gamification features are available throughout the system to make learning interesting to students and various badges and certificates (non-academic) can be awarded to students to encourage participation in activities and for rewarding positive performance.

Included Infrastructure

- Dedicated cloud instance for NALSAR CMS
- Upto 25 GB of space
- 2 TB of network traffic per month
- Highly secure Linux operating system
- Managed for uptime and security by the sysadmin team of BossJobs
- Can be lined to a subdomain of NALSAR

Implementation scope

- Provision of cloud instance and deployment of LMS solution for NALSAR CMS.
- Functional training of NALSAR team (to be nominated by NALSAR).
- Change in the look and feel of the site as per requirements of NALSAR.
- Configuring NALSAR emails and notification messages as required.

Timeline

1. Order to Go-live:

6 weeks from the date of receipt of order.

2. Post Implementation Support

3 months post go-live.

Roles and Responsibilities

1. BossJobs team will train NALSAR team in functional aspects of the LMS platform.
2. NALSAR team will be responsible for day-to-day operation of the LMS platform including creation of courses, lessons, topics, quizzes etc.
3. NALSAR team will be responsible for creation of student logins and assigning them to courses, groups, forums etc as may be required.
4. NALSAR team will be responsible for moderation of the content in forums as may be required.
5. NALSAR team must ensure that the SOP (standard operating processes) of the LMS system are strictly adhered to and the system is administered under strict security to avoid any misuse by students or others who were given access.
6. NALSAR team must ensure that there is no unauthorised use of the LMS platform and any issues arising out of such use will be the responsibility of NALSAR.
7. BossJobs team will be responsible for the overall administration of the entire platform and will be responsible for maintaining the platform features, functionality, look and feel and all other technical aspects. They are also responsible for applying necessary patches, enhancements and for deployment of new features as may be necessary from time to time.

Exclusions

1. Any features or functionality that's not part of standard LMS functionality as described above is out of scope.
2. Any additional features as may be requested from time to time by NALSAR team will be provided at additional cost determined by the complexity of the feature.
3. Any modifications in existing functionality may incur additional costs charged on the basis of man-hours allocated.

Commercials

Following are the commercials for a **3 year contract** for use of the platform:

S.No.	Description	Amount (Rupees)
1	Implementation and setup cost	2,00,000
2	Annual Maintenance Cost (after completion of post implementation period of 3 months)	1,00,000
3	Escalation of 20% year on year on AMC	

Note: Applicable taxes additional.

End User Information Form

For End Users of the Cisco Flex Plans

To purchase the Cisco Collaboration Flex Plan or Cisco Spark Flex Plan under the Enterprise Agreement ("EA") or Active User ("AU") buying models for you and your Participating Affiliate(s), an authorized representative of the End User must complete this form in its entirety and sign it. This form will be used for provisioning and entitlement under the Flex Plan, as well as to ensure that you understand the terms of use that apply to your Flex Plan. Cisco will provide a quote to your reseller for the selected buying model, based upon the information that you provide in this form. Your reseller will in turn provide a quote to you. **Your signature is required on this form prior to receiving access to the program.**

End User Overview

Defined Terms Used in This Section

"Participating Affiliates" means Your Affiliates whose Meter counts are included on the EUIF.

"Affiliate" means, with respect to a party, any entity that directly or indirectly Controls, or is Controlled by, or is under common Control with such party. **"Control"** means to: (a) own more than 50% of the relevant party; or (b) be able to direct the affairs of the relevant party through any lawful means (e.g., a contract that allows control).

"End User", **"You"** or **"Your"** mean the final purchasing entity as identified on the EUIF.

End User Information

End User's full legal name

Address of End User's principal place of business

Participating Affiliates

Cisco requires any Participating Affiliate(s) for which you are purchasing coverage to be included in this End User Information Form. Cisco relies on this list to define the scope of the agreement, ensure accurate pricing, as well as effective provisioning and support.

Participating Affiliate(s)

- ☐ None
☐ Only listed Participating Affiliates (to be recorded immediately below)

Participating Affiliates

Cisco Collaboration

Additional Defined Terms Used in This Section

"Employees" means full or part-time employees of You and Your Participating Affiliates.

"Contractors" means non-Employees who (i) work on Your or Your Participating Affiliates' behalf, (ii) whose work is under Your or Your Participating Affiliates' control or supervision pursuant to a consulting, staffing or other similar written contract, and (iii) have access to Your or Your Participating Affiliates' systems or networks in the ordinary course of providing their services to You or Your Participating Affiliates.

"Knowledge Workers" means You and Your Participating Affiliates' Employees and Contractors who utilize devices capable of running the Software, Cloud Services, or related browser plug-ins as part of their job duties.

Your Suite(s) purchased under the Flex Plan

Cisco requires customers purchasing Enterprise Agreement or Active User to complete and sign this End User Information form. You will have access to the Software and/or Services in the Suite(s) you purchase and which are identified on your EUIF.

- ☐ Meetings Enterprise Agreement
- ☐ Meetings Active User
- ☐ Calling Enterprise Agreement

Knowledge Worker Count Worksheet

Cisco Flex Plan EA or AU Offers	Value
Total quantity of Employees of the End User and Participating Affiliates	a.
+ Total quantity of Contractors of the End User and Participating Affiliates	b.
= Total Employees and Contractors (add a. and b.)	c.
Function name and respective quantity of Employees and Contractors that are not considered as Knowledge Workers	
+ Function 1	
+ Function 2	
+ Function 3	
= Sum of the total quantity of Employees and Contractors that are not considered as Knowledge Workers	d.
= Knowledge Worker count (subtract d. from c.)	e.
Cisco Collaboration Flex Plan Education EA only	
Total quantity of faculty/staff (Knowledge Workers) at educational institution	a.
126	
Function name and respective quantity of faculty/staff that are not considered as Knowledge Workers	
+ Function 1	
+ Function 2	
+ Function 3	
= Sum of the total quantity of faculty/staff that are not considered as Knowledge Workers	b.
25	
= Knowledge Worker faculty/staff count (subtract b. from a.)	c.

Total quantity of students at educational institution (expected to have access to Meetings) - These are not part of the Knowledge Worker count.	101
