Subject : Request for **One Day Consultation in NALSAR**

Respected Sir

Ekta Parishad is a social organization working on the issues of land reforms since last three decades. In 2008-09 and then in 2012-13, I was a member of National Land Reforms Committee (Government of India) for preparing National Land Reforms Policy and National Homestead Rights Bill. Ekta Parishad is closely work with State institutions in order to assist for the implementation of various laws and policies benefiting to the deprived communities.

Considering the space in various laws and policies, we would like to organize one day consultation of various actors (lawyers, bureaucrats, academicians and activists) working on the issues of land reforms. The main objective of proposed consultation is to explore the possibilities of 'constructive engagement' with the State on people's rights over land, forest and water resources. We are planning to call nearly 20 participants from different parts of India.

We would like to request you to please allow us for this one day consultation in NALSAR. We are flexible with the date as anytime/day between 21-28 January 2017 as the availability of NALSAR. We will be happy to pay due charges for the logistical arrangements.

We will be thankful for your positive response for the same.

Thanks & Regards

Ramesh Sharma

Addl. Secretary to Government

Government of Telangana
Hyderabad.

Dear Sir,

Sub : Training Programme for Advocates of Telangana at NALSAR University
of Law, Hyderabad.

Ref : Memorandum of Understanding signed by NALSAR and the Telangana
State Advocates Welfare Trust on May 3, 2019.

Kindly accept greetings from NALSAR.

I am happy to inform you that the University is conducting the training sessions for the first batch of advocates and hope that the advocates and the Trust are happy with the sessions and the other arrangements made by us. Your feedback is valuable for us to improve ourselves for the next sessions.

In continuation of our discussions, I wish to bring to your notice that the University had submitted its proposal along with the tentative budget during May, 2018 itself. But the MoU was signed in May, 2019, i.e., after one year from the date of proposal. I wish to add that in the tentative budget we have not included the expenditure for preparation and printing of the material and the cost for the welcome kits to the advocates. As per the MoU, the University has to provide the course materials to the trainees. Accordingly, the course material has been prepared and printed. The trainees of the first batch were provided with the welcome kit (reading material, note book, pen, class schedule and other documents in an executive bag printed with the name of the University and the Trust). We wish to continue the same for the trainees of other batches also.

contd.....2...

The details of the additional expenditure incurred for the welcome kit and the reading material is provided below for favourable consideration and sanction of the amount:

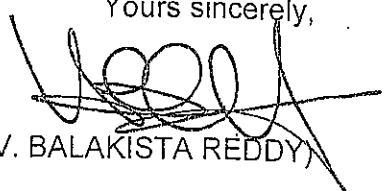

S.No.	Description	Amount for one training session	Amount for three training sessions
1.	Welcome Kit (Bag & other material) Rs. 500/- per kit x 100 trainees	50,000/-	1,50,000/-
2.	Preparation and printing of reading material Rs. 800/- per copy x 100 trainees	80,000/-	2,40,000/-
	Total additional expenditure incurred by the University	1,30,000/-	3,90,000/-

In addition, I wish to add that in the MoU it is mentioned that 'the payment will be limited to the number of Advocates who participated in the training. The total amount of Rs. 7,81,000/- for 100 Advocates batch will be divided into per capita'. I request your kind attention to the budget submitted by us. As per the budget, other than the accommodation and food, other charges remain same even if the number of candidates change. Hence, the accommodation and food charges from earlier budget and the reading material and the welcome kit cost will be claimed per capita basis and other charges remain same.

We request you to kindly consider the additional expenditure incurred by the University and send your approval for sanction of the said amount and also the modification in the MoU with regard to per capita basis expenditure, as indicated above. Your favourable consideration will help the University to continue the programme without any financial loss to the University.

With regards,

Yours sincerely,

(V. BALAKISTA REDDY)

Sub: Proposal for a 5 day Refresher Training Programme for Advocates in the State of Telangana – Reg.

Dear Sir,

This is in reference to your letter vide D.O.Lr. No.15/TAWT/RL/2018, dated 17.04.2018 entrusting NALSAR with the task of organizing a 5 day Refresher Training Programme for Advocates in the State of Telangana.

As you are well aware that NALSAR University of Law, an institution of national eminence in the field of legal education and research, is a residential University established in 1998 by the National Academy of Legal Studies and Research University Act (Act No. 34 of 1998). The University has as its primary mission to create a generation of able, competent and humane lawyers who will not only enter the Bar and Bench but will also be equipped to address effectively the imperatives of the new millennium and to engage in community services. NALSAR's objectives include promoting legal awareness in the community for achieving social and economic justice; disseminating legal knowledge by organizing lectures, Seminars, Symposia, Workshops

and Conferences; and undertaking study and training projects relating to law, legislation and judicial institutions. Recently NALSAR was given Category I Status by University Grants Commission (UGC), thereby making the University eligible for all the benefits stipulated under clause 4 (Dimensions of Autonomy for Category – I Universities) of the UGC Regulations.

As directed by your goodself in your letter, we are herewith enclosing a Proposal along with a Tentative Training Programme Schedule and a Proposed Budget in this regard as Annexure I.

We will wait for further instructions from your end in this regard.

Thanking you,

Yours sincerely,

PROPOSAL FOR 5-DAY TRAINING PROGRAMME FOR ADVOCATES

Advocacy in trial courts involves a number of skills and litigation strategies most of which are not taught in law schools / law departments and colleges. In today's age of specialization a fresh law graduate cannot attain competency in the desired hemisphere or take an ownership impounded with confidence to handle each case of its persona.

Any lawyer / advocate (irrespective of their stature) are expected to be aware of court procedure. He / She should be skilled enough to be able to drive the case per requirements. This normally takes years to augment proficiency in the contemporary dynamic world. One is not left to make choice of his own to specialise in the area of liking as it is. Young and enthusiastic lawyers often find it difficult to leave a mark of their own especially when an experienced lawyer in that particular field already exists. Many law graduates for this very reason either opt for high-paying corporate jobs or pursue higher studies and settle abroad.

Our newly created State of Telangana has several challenges before it. If we want to get back our share in the field of advocacy and adjudication, we have no choice but to produce better lawyers and judges. Lack of specialized training for lawyers in the State of Telangana is the biggest handicap in this regard. The State has always focused on providing specialised training for Judicial Officers but did not focus much on imparting specialised training to the lawyers fraternity who are the bridge between the courts and services seekers/public. As a matter of fact no State in India has a lawyer's academy.

By virtue of specialised training the judicial officers are in a position to discharge their works judiciously. However, same is not the case with the advocates practicing before courts of law. Lack of proper training and wrong learning in the field of law would contribute to stagnancy of civil disputes and improper adjudication of legal disputes. This in turn has led to loss of public confidence in the court of law, the entire legal fraternity and judiciary as Institution will suffer as a whole. Moreover government loses cases in the High Court because its matters are not properly defended by competent, young, energetic & trained lawyers.

Therefore seeking to fill this gap, **NALSAR proposes to conduct a 5 day Refresher Training Programme to the advocates on various civil and criminal subjects including Civil Rules of Practice, Criminal Rules of Practice, CrPC, CPC, Constitution and other drafting matters.**

The training programme will aim at imparting clinical / specialised training to law graduates and advocates from the practicing fraternity in enhancing their knowledge / skill set in advocacy. The proposed training is not focused on preparing the lawyers for litigation before the courts alone, but lawyers would also be specially trained in rendering advisory services on various subjects relating to Constitution, Civil and business laws, Criminal Laws, Public Policy laws, etc. It could also inspire and motivate young lawyers to do research in their chosen branch of litigation.

The proposed training programme will be targeted towards providing the advocates with a strong base where they can enhance their advocacy skills and keep themselves updated with the usage of modern technologies required in the modern era. Apart from all the above they would accomplish their hands in terms of drafting, effective argument skill, art of cross examination, relevant citation searching, etc. Most of our young lawyers have not received world class legal education. We at NALSAR feel that if we do not render our helping hand to them, we would be failing in our duty towards our State.

Objectives of the Training Programme

- ✚ To update young graduates of law in the recent advances in legal education.
- ✚ To familiarize young litigating advocates about the techniques of practicing law.
- ✚ To introduce lawyers to writing skills and legal knowledge systems
- ✚ To imparting the candidates the methods and techniques of legal research.
- ✚ To train the candidates in project formulation / writing skills / drafting skill legal documents
- ✚ To facilitate intellectual interaction with persons of legal eminence.
- ✚ To enlighten the knowledge domain of candidates on the emerging issues of legal concern and the need to codify.
- ✚ To impart leadership / corporate responsibility in administering law schools / colleges
- ✚ To popularize gradually the lawyer's training scheme in the country
- ✚ To help NALSAR grow as the nodal centre to organize lawyers training.

About NALSAR

NALSAR as a premier university of legal expertise intends to provide a platform to the young and experienced advocates to learn the emerging issues of relevance to legal research and education. NALSAR hopes that if this initiative meets the desired objectives, its experience in conducting lawyer's training will help give direction to the other national law colleges to help establish similar lawyer's academy by them. Over the past few years, NALSAR has established its mark as a pioneer of innovative legal education. It has already introduced and successfully administering innovative courses in air, space, defence and security disciplines and hence it is confident that the university can provide leadership in introducing and managing the lawyer's academy.

NALSAR has also been assisting the State and Central government in drafting of key legislations and through submitting reports on contemporary legal challenges faced by the society. To state in brief, NALSAR has recently submitted a Draft Andhra Pradesh Land Acquisition (Rehabilitation and Resettlement) Bill 2016 to the State of Andhra Pradesh and is currently working on drafting legislation for governing Skill Development in the State of Andhra Pradesh. Similarly, NALSAR has also recently reviewed, revised and wherever necessary re-drafted the

entire set of One-hundred and twelve (112) legislations relating to Land for the State of Telangana. Details regarding NALSAR's contribution in the legislation drafting work for the State of Andhra Pradesh and Telangana have been attached herewith as Annexure-II. Apart from the legislative drafting work; NALSAR has also been playing a critical role in providing legal training of government officials particularly revenue officers working at the grass-root level. A detailed list regarding NALSAR's role in this regard has been attached herewith as Annexure-III.
