Dear Sir,

Greetings!

As discussed over the phone, the literal meaning of my previous mail about Archive was from 1st issues & 1st vol to collection up-to 2019, since the collection from 1996 to 2019 is given complementary along with the current 2020 journal. Whereas the billing methodology is different for Archive and latest collection.

We have already activated the access for Archive (1st vol to 1995) and you will get the access of rest from 1996-2019 as a complementary, part of current subscription 2020, which will be activated shortly.

Meanwhile we are initiating a trial for entire law collection including the Arbitration Int. to resolve your requirement until the paid access is activated.

Thank you so much for your support and co-operation.

Subject: Re: Add Arbitration International

Dear Mr. Abhishek,

I fail to understand why are the archives accessible till 1995 only despite there being a clear promise to make the same accessible till 2019. You can see below your email sent to us in this respect.

Also the invoice mentions the price for archives from 1985 to 2109 and for the year 2020 separately. So why are the terms varied now? Please let us know at the earliest as the deadline for dissertation and project submission is very close for our students. They need to access the material immediately. There is already quite a delay in activating it. We hope that you will deal with the matter on a priority basis.

Best regards,
Rajesh

Dear Sir,

Please note that the consolidated pricing for both the case is GBP 352.39 + 533 for online only current pricing = GBP 885.39.

Archive available from :- 1985 - 2019

Price :- GBP 352.39

Pages digitized:- 3760

Price for 2020: GBP 533

But for archive there will be a maintenance fees needs to be provided annually which is GBP 20 per year from 2021 onwards for the archive access.

As per our discussion regarding activation of Arbitration International 2020, which is only pending because the payment details of the same is yet to be received from the vendor.

Due to lock down there is limited workforce in the bank, therefore it's getting delayed from the bank to share the remittances details to the vendor.

We have an automated system for the activation of Individual journal, which gets activated automatically once the payment is allocated against the invoice.

We are following up with the customer for remittances details and the same will be updated to you once it's received and access granted.

Thank you so much for your co-operation.
