

BUDGET ESTIMATES FOR 2025-2026

The financial health and the planned development of an institution is best reflected through its Budget. The sources from where the University receives its finances as well as the heads on which it spends on a priority basis have been kept in view in drawing up the Budget Estimates for 2025-2026.

For the year 2024-2025, the University had submitted proposals to Government of Telangana for an amount of Rs.2583.20 lakh for Capital Grant for construction of academic Block, Staff quarter, expansion of Convention Centre building, and conversion of class rooms into smart class rooms and E books. Rs.970 lakh for Recurring Expenditure. The Government has sanctioned 2000 lakh and released Rs.1500.00 lakh towards Capital Expenditure. For Maintenance, the Government has sanctioned Rs. 630 lakhs and released Rs.472.50 lakhs towards Recurring Expenditure up to March, 2025. It is estimated that the state government will release balance grant in due course. The University has been following the policy of treating the capital grants received from Government as Capital fund and incurring the capital expenditure from the said fund. The University entered into an MoU with M/s. National Buildings Construction Corporation Limited for construction of a floor above the Administrative Block with an estimated cost of Rs.1700.00 lakh. The funds shall be utilized for construction of these buildings.

The University requested the State Government to sanction 4000.00 lakhs for capital grant and Rs. 1000 lakh for maintenance grant for 2025-26. The State Government has sanctioned a capital grant of Rs.2000.00 lakh, Rs. 630 lakh for the 2025-26 and budget estimates 2025-26 have been prepared accordingly.

The Revenue Budget Estimates for 2025-2026 and Revised Estimates for 2024-2025 are placed below for the consideration and approval along with the explanatory notes.

Explanatory Notes on Revised Estimates for the year 2024-25 and Budget Estimates for the year 2025-2026

The Revised Budget Estimates for the year 2024-2025 are prepared on the basis of actual expenditure up to March 2025. The Budget Estimates for the year 2025-2026 have been prepared on the basis of these revised estimates for 2024-2025 and considering the factors like filling of vacancies in teaching staff posts etc., the Budget Estimates for the year 2025-2026 have been prepared. The details are given below.

The University has been following the policy of treating the capital grant received from the state government as capital fund and it is used for construction of buildings and other capital expenditure as and when required. Only maintenance grant received from the government is taken in the budget. In the B.E 2024-2025, it was estimated that the receipts including maintenance grant of 930 lakh from the state government and the total receipts and expenditure for the year would be Rs.6524.75 lakh and Rs.7211.08 lakh respectively. Thus, it was estimated that there would be a deficit of Rs.686.33 lakh. Further, it was expected that the vacant teaching staff posts would be filled during the budget period and their salaries were considered in the estimated expenditure. But some vacancies could not be filled in the current financial year and some activities not taken up. Hence, the actual expenditure is much less than the estimated. These estimates have been revised on the basis of actual receipts and expenditure up to March, 2025. The revised estimated receipts and expenditure are Rs.5327.05 lakhs and Rs.4332.71 lakh respectively. Thus, a surplus of Rs.994.34 lakhs has been estimated in the revised budget estimates.

For the year for 2025-2026, the receipts and payments are estimated at Rs.6385.83 lakh and Rs.7837.12 lakh respectively. Thereby, it is estimated that there will be a deficit of Rs.1451.29lakh.

RECEIPTS:
