Sub: Supply, fabrication and fixing of 62 Nos. of MS Iron Cage for all water coolers at NALSAR University of Law, Shameerpet

Ref: 1) NIT No. 01/Supply, Fabrication and Fixing of 62 Nos. MS Iron Cage for all water coolers /NALSAR/2025-26 dated: 24/02/2026

2) NIT No. 01A/Supply, Fabrication and Fixing of 62 Nos. MS Iron Cage for all water coolers /NALSAR/2025-26 dated: 24/02/2026

The tender for the above work was uploaded twice through e-procurement; however, no bids were received on both occasions. During enquiry, it was found that the rate indicated in the tender was not workable.

Further, during the estimation process, the locking arrangement for the water tap of the cooler was not taken into account. The locking arrangement is very important for securing and closing the water tap portion of the cooler, the cost for providing the locking arrangement for each cooler was worked out and it comes to be **Rs. 292/-**.

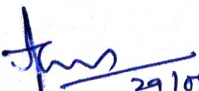

Therefore, after including the locking arrangement cost, the estimated cost per cooler comes to **Rs.3467.20**, and the total cost for **62 cooler units** works out to be **Rs.2,14,966.40 (excluding GST)** as against the earlier approval amount of **Rs.1,96,862.40**.

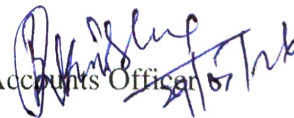

Considering the important nature of the work and paucity of time, the University authorities have decided to get the work executed by obtaining quotations from the contractor who had earlier executed similar work in the University campus. In addition, the work will be uploaded on the University website for obtaining quotations from other interested agencies.

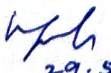

Hence, it is requested to approve the following :

- 1) Revised estimated cost of Rs. **2,14,966.40** for 62 nos of coolers units
- 2) To entrust the work by obtaining quotation duly posting the 'request for quotation' on the University website

Submitted for approval.
